- Hi-Dump Quarter Frame

BADGER

BADGER DUMP TRAILER

QUALITY THAT WORKS

Designed to be the ideal trailer in the most difficult situations.

BADGER DESIGN

The Badger is designed with an abrasion and impact resistant AR-450 steel body which has proven itself under pressure.

AVAILABLE TAILGATE DESIGNS

TOP HINGE

Standard tailgate with top hinges

DOUBLE ACTING BARN DOOR

Barn door tailgate with hinges on top and on side

SINGLE ACTING BARN DOOR

Standard tailgate with top hinges

HI-LIFT COMBO

Dual Hi-Lift & standard gate operation

HI-DUMP CONFIGURATION

The combination of a compression arm connecting the draft arms to the suspension sub-frame and "all wheels on the ground" makes the Hi-Dump the ultimate in stability.

The hinge at the rear of the body ensures high dumping clearance from the body to the ground.

Loads shed more easily and the stock pile height is improved. The rear hinge makes it possible to effectively dump into an asphalt paving machine greatly increasing the versatility of the trailer.
